2280 rue Cartier, Montreal, QC | 613-850-0086 | lowe.rourke@gmail.com | roourke.com | LinkedIn
Willing to relocate | Open to Hybrid Roles in Toronto/Montreal/Vancouver/Victoria | Available Immediately

Professional Summary: Product Manager working at intersections: technology & creativity, data & intuition, business & user needs. Successfully led products in fintech and founded ventures in creative industries. I bring a diverse experience in developing innovative solutions through collaborative leadership and genuine user understanding.

Leadership Philosophy: Collaborative Decision-Making | Empathetic User Research | Inclusive Team Building | Stakeholder Alignment | Mentorship | Community Building | Remote Team Management

Technical Expertise: Product Analytics (SQL, Python) | User Research | Agile/Scrum | PRDs & Roadmapping | Design Tools (Figma, Miro) | JIRA | AI Prompt Engineering | OKR Planning | FPnA | Sales

Professional Journey

Product Manager, Smart Solution — Toronto, October 2022 - Present

Leading transformation of how credit unions serve their communities with digital tooling

- Led end to end product development for digital banking suite: conducting interviews with 20+ CUs and researching competing solution, creating detailed PRDs with user stories and acceptance criteria, managing sprint planning through launch with team of 12 resulting in 15,000 monthly users in 6 months
- Shipped Document Management, Mobile Topups, Whatsapp Messaging products delivering 50%+ in NPS
- Orchestrated user conferences & research with 200+ participants to build roadmap and increase sales 20% YoY

Founder & Managing Director, Favourite Library — Montreal, January 2022 - Present

Supporting artist development through strategic and emotional guidance (currently transitioning into consultative role)

- Built AI-powered label management platform using Claude that automates data based insights & task management. Reduced operational overhead by 85% while managing 5 artists generating $200K ARR
- Provide strategic and emotional support to 5 artists driving 10x growth in monthly listeners, from 180K to 2M
- Organized and MC'd sold-out community events, building lasting connections between artists and audiences

Senior Finance Operations & Partnerships, Clearco — Toronto, September 2019 - December 2021

Providing sustainable scaling options for eCommerce clients and internal teams

- Built relationships with 9 department heads to manage $46M budget during scaling from 240 to 500 employees
- Reduced financial reporting time by 84% by developing a revenue & expenses data-pipeline and creating interactive real-time dashboards - this enhancement also reduced ad-hoc reporting requests by 75%
- Created new Fractional CFO partnership vertical from scratch, building to $72K ARR in 9 months

Growth Product, Peersight — Toronto, March 2018-January 2019

Connect job applicants to hiring managers through video resumes & job descriptions, first employee

- Used python to automate user acquisition driving weekly net new user growth from 50 to 500 over 3 months
- Designed and managed implementation of viral growth loop engine achieving 41% MoM growth of unique pieces of content over 6 months
